R.S.V.P.* — Health

In a program co-ordinated by the Ontario Association for the Mentally Retarded, about 400 secondary school volunteers will work with patients in various activities in Facilities for the Mentally Retarded throughout the Province.

They will serve for two months and will receive a service award of $500.

Ontario Youth Summer Enterprises — Labour

Under the direction and guidance of Junior Achievement staff, about 750 secondary students from 15 to 19 years of age will operate miniature companies during the summer. They will be employed for a 2-month period and their remuneration will be dependent upon the success of their miniature companies.

Summer 72

ONTARIO

The Honourable William G. Davis
Prime Minister

Summer 72

Summer 72 is the Ontario Government's Special Summer Employment Program for students. Regular summer employment is handled by the personnel branch of each department.

Emphasis is on providing meaningful job opportunities for students as well as interesting alternatives to employment.

While the Special Summer Program is co-ordinated overall by the Provincial Interdepartmental Committee on Youth, administration is looked after by the individual departments.

This brochure offers a brief outline of each Special Summer project. For details, check with the contacts.

Youth-in-Action — Education

More than 1,000 secondary and post-secondary students will be employed for periods from 6 weeks to 4 months at salaries running from $80 to $100 per week. Through these projects, it is expected that 100,000 young people will be involved in alternatives to employment programs.

Programs include Summersound—two travelling groups of musicians; Track & Field Clinics; Art Trek—travelling vans providing youth with experiences in art; Ontario Youtheatre—companies performing in various areas; Summer of Learning Experience, a learning program run in co-operation with Boards of Education. The Youth-in-Action programs also include worthwhile community projects, such as information agencies, co-funded with municipalities, school boards and other agencies.

Youth and the Law — Justice

Under the direction of the Ontario Police Commission, 80-100 University students will spend three months observing and working with police departments across the province.

Participants must have completed one year of University studies. Their salary will be $100 per week.

Summer Volunteer Program '72 — Social & Family Services

In this program, 300 secondary and 50 post-secondary students will be involved in social activity projects with institutions in the department's program.

Their involvement will be over a period of 8 or 14 weeks, with service awards of $500 and $900.

Project SWEEP* — Lands & Forests and Environment

Some 2,600 secondary and post-secondary students, 18 years and older, will be employed for 8-12 weeks in a variety of environmental activities. Payment will range from $1.65 to $2.50 per hour and some positions will require resource-related qualifications. Projects will be co-ordinated through the 37 conservation authorities in the Province.

Urban-Rural Exchange Program — Agriculture & Food

This summer, about 15 post-secondary and University students with 4-H and Junior Farmer experience will co-ordinate the Urban-Rural Exchange, an alternative to employment program. The students will arrange and facilitate transportation and exchange accommodation for some 3,000 12 to 15-year-old students taking part in the program.

They will be employed for approximately 15 weeks, at $85 per week. A car is required.
